

Arizona Trip

Spring 2022

At the end of April 2022, students in 7th and 8th grade at MCS will be departing on a 5 day cross Arizona trip. Students visit many of the state's natural wonders from hiking down into the Grande Canyon to exploring the caves at Kartchner Caverns. Students will also visit important historic locations like the State Capitol and Titan Missile Museum.

The goal of the trip is to not only let student see and discover the concepts they have been learning in their science and social studies classes, but also to give students a deeper appreciation of the state's heritage and give them an opportunity to experience the wonder and majesty of God's creation.

If you would like to support these students as they raise money for this trip, please contact us!

Donations can be made for the class as a whole or for individual students.

Please make out a check to *Mountain Christian School* or stop by our school to discuss alternate means of support.
