

Mountain Christian School

Math Teacher

Job Summary

Mountain Christian School is seeking a part-time math teacher for the 2022-2023 school year. This teacher would be teaching 2-3 math classes to 6th, 7th, and 8th-grade students.

We are searching for an experienced math teacher. This math teacher would need to deliver daily lessons that develop both students' theoretical and applied mathematical skills. They will be responsible for assigning daily homework, grading assignments and quizzes, documenting student progress, and communicating effectively with parents. The math teacher must have a thorough understanding of effective teaching practices and how to practically apply them in a classroom setting.

The math teacher must be a born-again Christian and attending church regularly. They must be able to whole-heartedly agree with the MCS mission, goals, and statement of faith.

Responsibilities

- Plan and present daily lessons to facilitate student understanding and application of math concepts.
- Adapt lessons and curriculum to accommodate students of different academic and learning needs.
- Prepare and distribute learning materials such as notes, assignments, supplemental practice, and assessments.
- Maintain a safe classroom that is conducive to student learning.
- Work collaboratively with the school administration to enforce rules of behavior, class participation, and conduct for students.
- Grade assignments and assessments in a timely manner
- Work with students individually if they need extra help and support in their math coursework.
- Document and report student progress
- Attend meetings with parents and staff.

Skills

- Proficiency in Microsoft Office Suite
- Proficiency in Google Suite tools (e.g. GoogleDrive, GoogleClassroom, etc.)
- Professional attitude and appearance

- Excellent written and verbal communication skills
- Ability to be resourceful and proactive when issues arise
- Excellent organizational skills
- Multitasking and time-management skills, with the ability to prioritize tasks
- A fundamental understanding of math
- Precise verbal and written instruction abilities
- Patience and emotional management skills for dealing with students of assorted ages and abilities
