DOCTRINAL STATEMENT AND STATEMENT OF FAITH

Doctrinal Statement

The educational philosophy of Mountain Christian School is based on a God-centered view of the truth and man as presented in the Bible. Since God created all things and sustains all things through His Son, Jesus Christ, the universe and all life are dynamically related to God and have the purpose of glorifying Him. Mankind, made in God's image, is different in kind from all other creation in that he has the unique capacity to know and to respond to God personally and voluntarily. Because man is sinful by nature and choice, he cannot in this condition know or honor God in his life. He can glorify God only by being born again through receiving Jesus Christ as his personal Savior and Lord. Through Christ, man is enabled to do God's will. The entire process of education is seen as a means by which the Holy Spirit brings the student into fellowship with God, develops a Christian mind in him, and trains him in godly living, so that the student can fulfill God's total purpose for his life.

- The student must be taught the Bible so that he may understand God as well as his own nature and role in God's image.
- The student must relate to God and develop as a whole person - spiritually, mentally, physically and socially.
- The student must learn to recognize all truth as God's truth and use God's Word as the standard by which all interpretation and integration takes place.
- The student must be educated as an individual with his own unique abilities and personality as one who must learn to live and work with others at home, in the church and in a changing secular society.
- The student must interact with, and be taught by, the parent/guardian and teacher models who are themselves born again and have this perspective on life.

PHILOSOPHY OF DISCIPLINE

The Mountain Christian School plan of discipline is based on our motto: ***“Committed to being the best we can be in order to glorify the Lord.”***

No child is perfect, and on occasion, each one needs correction and guidance. MCS is willing to work with parents to resolve conflict. However, MCS is unwilling to battle parents to administer needed discipline. When an offense occurs, simple corrective measures such as timeouts or the loss of recess will be tried. If these measures fail, the parents will be contacted for their input and support. Should there come a time that parents can no longer support the school, they would be asked to withdraw their child from Mountain Christian School.

We expect students:

- To work hard with full attention to the business of education and glorification of our Lord and Savior Jesus Christ.
- To play fair by learning the rules and then following them.
- To be kind by treating others with respect and consideration regardless of the circumstances.

Teachers are expected to:

- Provide a safe, structured classroom environment governed by a clearly communicated and consistently reinforced set of class rules and procedures.
- Deal with most student classroom discipline problems that arise quickly and consistently and communicate with parents about these incidents.
- Provide students with classroom recognition for effort and behavior.
- Participate in assemblies to acknowledge Honor Roll recipients, student who made the Principal's List, and the Lion's Award.

Violence Policy: MCS takes threats or perceived threats of violence very seriously. Such threats will be reported to parents and the proper authorities, and students may be subject to suspension or expulsion. One of the school's first responsibilities is the protection of all students, faculty, and staff

from physical, mental, and emotional harm. If administration deems that a threat of violence is credible and specific, the student will be suspended immediately.

Students are not allowed to talk about committing an act of violence, threaten to commit an act of violence, or joke about committing an act of violence toward anyone at MCS. In the event the administration determines that a threat is not likely or credible, the school may still decide to suspend the student after a parent meeting (including cases where the student was “just joking”).

Weapons Policy: Weapons and other dangerous objects and look-alikes in school facilities cause substantial disruption to the school environment and present a threat to the health and safety of students, employees, and visitors on school premises. These items will be confiscated; parents will be informed and may come pick up these items from teacher or administration.

Bullying Policy: To provide a safe academic and emotional environment for all students, MCS takes bullying very seriously. Examples of bullying include but are not limited to:

- Malicious intent to cause physical or emotional harm
- Teasing, humiliating, or intimidating actions/language
- Insulting someone’s race, family status, culture, gender, size, or appearance.

Students who bully others will be subject to strong disciplinary consequences or immediate suspension.

Harassment Policy: To provide a safe academic and emotional environment for all students, MCS takes harassment of any kind very seriously. This includes any touching, threats, or harassment of a sexual nature. Such behavior is inconsistent with Christian tenets and the biblical philosophy of MCS. This policy applies to unlawful and immoral conduct occurring at any time, on or off school property. Students are encouraged to report any incidents of harassing conduct promptly to a teacher or administrator.

While sexual contact of any kind is inappropriate at MCS, sexual harassment between students is defined as any unwelcome sexual conduct by another student that is severe, persistent, or pervasive enough to limit a student’s ability to participate in or benefit from an educational program or activity or creates a hostile or abusive educational environment. This conduct can be nonverbal, verbal, or physical, and the behavior in question does not necessarily have to be aimed at the student who is complaining of harassment.

Prohibited acts that constitute sexual harassment may take many different forms. School administration will determine if the offense constitutes sexual harassment. Examples of the kind of behavior that may be determined as sexual harassment include, but are not limited to:

- Sexual advances including propositions, flirtations, or obscene gestures.
- Physical assault or unwelcome physical contact
- Using words, pictures, objects, gestures, or other actions relating to a sexual activity or someone’s gender that causes discomfort or embarrassment to another.

Sexual harassment or inappropriate touching between students will be treated very seriously by administration, dealt with swiftly, and may result in immediate expulsion and/or action by law enforcement.

Office Referral Process

Most behavior problems will be dealt with by teachers or staff using classroom policies, rules, and procedures. If students are consistently violating classroom/school rules and repeatedly being disciplined for the same behavioral offenses, the following steps will be implemented by the administrator.

- **Step 1** - Students will receive in-school detention and/or a temporary loss of a privilege such as PE or sitting with friends at lunch. Administrator will communicate details with parents.
- **Step 2** – Students will receive after-school detention in which the parents will be responsible to arrange transportation. Administrator will communicate details with parents.
- **Step 3** – A conference will be set up with the student’s parents to discuss the behavioral issue and whether MCS is a good fit for the student moving forward. Possible solutions and future consequences will be discussed. Student will be placed on a behavioral contract.
- **Step 4** – Parents will be contacted, and student will be given a one-day suspension. Upon return, the student will be placed on a behavioral contract and may lose privileges until they can regain the trust of the teacher and administrator.
- **Step 5** – Parents will be contacted, and student will be suspended. Recommendation will be taken to the MCS School Board regarding possible expulsion of the student.

**For serious student offenses, the administrator may decide to move directly to step 4 or 5 in dealing with incidents.*

Levels of Discipline Infractions

The following infractions are based on the severity of a behavioral issue.

- **Level 1:** This is the lowest level. These behaviors are handled by the teacher or staff member in charge at the time of the occurrence. These behaviors are usually not referred to the office unless they are excessive in terms of damage, loss, disruption, or injury whereupon they become level 2 events. Any level 1 behavior that shows a pattern of repetition despite teacher intervention will be referred to the office as a level 2.
- **Level 2:** These are moderate behaviors but nonetheless cannot go unchecked. These behaviors may be referred to the office for administrative action. The administrator and teacher will work together to assign consequences. Consequences may depend upon the situation, severity of the violation, and the student’s past behavior. Repeated level 2 behaviors will result in increasing penalties and may be handled as level 3 behaviors. Behaviors that are excessive in terms of damage, loss, disruption, or injury will become level 3 events. The office referral process will be used to deal with repeat violations.
- **Level 3:** This is the category of serious offenses. It includes dangerous, defiant, and highly disruptive behaviors. Administration will immediately contact the student’s parents or guardians.

The first offense in this category will result in strong disciplinary consequences possibly including suspension. Repeated behaviors at level 3 may result in recommendation to expulsion.

- **Level 4:** This is the category of most serious offenses. Level 4 behaviors may result in action by law enforcement, charges being filed and/or removal of the student from MCS by the Board. This category includes repeated fights or assaults, assault on a staff member, possession of deadly weapons, and sale or transfer of drugs.
